### PROHIBITION OF EXTRACTS

COUNTY ATTORNEY SPEARMAN FORBIDS SALE OF FLAVORS.

They Contain Alcohol and as Such Come Under Ban of the Law.

County Attorney R. F. Spearman has issued orders to Sheriff Hensell that the sale of cooking extracts that contain alcohol, such as lemon, vanilla, and fruit extracts, and to arrest all merchants, grocers, druggists and others who sell such extracts. Mr. Spearman says such extracts contain the law and the sales are a violation of the prohibition law.

This order will compel businesses to get their extracts elsewhere. As most extracts contain alcohol to preserve the flavors, this order will have a sweeping effect. Merchants who sell extracts will take warning as the order is to be enforced.

### CUTS HUSBAND'S THROAT.

Beulah Morris, Austin Negroes, Says She Acted in Self-Defense.

Austin, Tex., May 24.—(Dallas Morning News.) Beulah Morris, a colored woman, was charged with the murder of her husband, John Morris, who was killed with a knife in the neck, at his home, last night, and his head almost severed from his body.

Beulah Morris, the wife of the negro, surrendered at police headquarters and confessed to having killed her husband.

After she committed the deed she ran to the police headquarters and told the night clerk: "I had to do it. He was trying to kill me. I cut him in the throat. I had to do it to protect myself."

### SON ASSAULTS FATHER.

Millionaire Publisher Goes on Wedding Journey—Son Pays Fine.

Chicago, May 24.—(Birmingham Post-Herald.) The millionaire publisher, W. H. Hays, who is on his way to Europe for a wedding journey, was fined \$5.00 for the assault on his son, W. H. Hays, Jr., who was charged with the assault on his father, W. H. Hays, Sr., at his home, last night.

Young Hays' attack is said to have been precipitated by his father's announcement that he would be married on June 1 to Miss Virginia D. Lee. The elder Hays surprised his friends by having the wedding last night.

With his bride, he is now believed to be on his way to Montreal or Quebec. Mr. Hays and his former wife, mother of Beulah, are divorced.

### PERU WILLING TO ARBITRATE.

United States, Brazil and Argentina to be Mediators With Ecuador.

Washington, May 24.—The government of Peru has formally accepted without reserve the mediation of the United States, Brazil and Argentina in the boundary dispute between Peru and Ecuador.

Dodson Hill in Kansas City a Scene of Great Interest.

Saturday, May 21, at the foot of Dodson Hill in Kansas City, a bill noted for its many difficulties of ascent, assembled in splendid array many of America's best auto products thrusting for victory and glory.

To be victor under the program meant more than glory. It would be the proving of a quality invaluable in its value.

It was a speed race to the summit of the hill, full of exciting and many difficulties, spared by the ambition that goes into to conquer or die, a contest both for fortune and fame that drew men to their most daring undertakings.

Care costing from \$100 to \$200 was one of the most interesting contests in which the Jackson 40-h. p. won by ascending the heights in 53 and 2 seconds. Two most interesting races of all was a free for all race up to them in cost, Jackson 40-h. p. won this contest in 55 and 1.5 seconds, lowering the standard Jackson record made last season by 1 second. This was regarded the greatest achievement of the contest. The Jackson car was \$1,500 in price.

In the free for all race, which meant that any car might enter regardless of size or cost, the Jackson came in second best with 40-h. p. losing only by one-half of a second. This contest is considered one of the most decisive in the history of automobile racing and the results are worth remembering. These facts were taken from the Kansas City Press of the occasion. G. H. Collins, agent for the Jackson in Greenville, would be pleased to give a demonstration of the identical type of car that won in these trying contests. The Jackson stands at the front when it comes to endurance, simplicity, climbing power, comfort and appearance.

### WASHING PAPER MONEY.

Laundry Department For Mints Expected to Save Large Sum.

Washington, May 24.—Secretary MacVeagh has given an order for the purchase of a machine to laundry United States notes, which, it is estimated when put into general use at all the subtreasuries, will save the government a million dollars a year. Experiments in washing and ironing notes have been conducted for some time in the bureau of engraving and printing. These convinced the officials that the method was a practical one, the estimate being made that 80 per cent of the losses could be regained and the life of a bill doubled. All forms have been destroyed by antiseptic solutions. The first machine will cost a thousand dollars and will be installed in the treasury department building.

The Goodyear Was Sunk in Forty Seven Fathoms of Water in a Fog.

Port Huron, Mich., May 24.—News was received here today that seven lives were lost in a collision of two big steel freight steamers on Lake Huron north of Point St Ignace in the dense fog Monday morning, and that the steamer Frank H. Goodyear, of Cleveland was sunk in forty-seven fathoms of water.

The steamer James R. Wood, of Cleveland, which struck the Goodyear, ran on, limped into Port Huron harbor today carrying half a dozen survivors from the Goodyear.
